

# “Feedback On Our Services”

Dear Valued Client

There are a few beliefs our company was founded on 15 years ago.  
Customers want to be treated as an individual with unique needs and wants.  
Customers want a quality product delivered on time in a professional manner.  
Customers want to be treated with respect and dignity.  
Customers want a contractor they can trust.

How did you hear about us? \_\_\_\_\_

At **KRFC Design Center** our entire team strives to live by these beliefs.

**How did we measure up to you? Please write a few comments about our services here.** We want to know how we did: ie cleanliness, courtesy of employees, trust worthiness of our company, value of product.
